

# Special Tours for Schools

**A** An introductory presentation covers the most important historical facts in connection with Einstein's life and scientific activities in Bern. Special attention is given to his achievements in science during the annus mirabilis 1905 and their impact on then current physics. The subsequent visit to Einstein's former apartment during that time provides an overview on his private family life.

**Tour duration: approximately 1 hour. CHF 120.–**

**B** As version A, complemented by more detailed but simple explanations of his scientific results which he obtained during 1905 (light-quantum hypothesis, Brownian motion and special theory of relativity). Two of the three topics may be chosen to be addressed in more detail.

**Tour duration: max. 90 minutes. CHF 180.–**

**C** As version B, complemented by demonstrations of simple experiments involving the chosen topics. This tour is suitable for students (17-18 years old) only.

**Tour duration: 2 hours. CHF 260.–**

**J** Tour J (the young Einstein)

Description of Einstein's youth, his early interests and his attitude in relation with his school years in Germany, followed by an overview on his life as a pupil and student in Switzerland.

**Tour duration: 45 minutes. CHF 100.–**

Subsequently, free access to visit Einstein's former apartment and a small exhibition explaining Einstein's life and scientific activities in Switzerland.

Special requests concerning the tours, submitted at least one month ahead, may be considered.

Committing reservations should be made as early as possible, at least one month before the visit. No-shows will be charged fully.

**Because of space limitations, the number of tour participants per visit is restricted to a maximum of 20 persons for tours A, B and J, and 10 persons for tour C, respectively.**

**No guided tours on sundays.**
